

Kainos Community is a Christian Charity which has been operating in prisons in the UK for over 12 years.

We have a mentor project in place to offer follow-up support for “graduates” of our Challenge to Change programme and their families both while they remain in custody and, importantly, on release.

This focuses on developing relationships with churches and other groups, aimed at encouraging individuals to volunteer to give support and encouragement to offenders upon their release from custody.

Volunteer are urgently needed for the Nottingham area. Mentors meet with an ex-offender once a week for approximately 2 hours on a one to one basis. Any reasonable travel and associated costs incurred through the mentoring relationship will be reimbursed. Training and support will be given.

If you would like to find out more about volunteering with Kainos in the Community please contact Jeremy Butler, Regional Manager (Midlands)
